

CHANGE A CHILD'S LIFE

VOLUNTEER

at the FAMILY NURTURING CENTER

A child's first smile
A preschooler's first friend

This is the world of the Family Nurturing Center, where teams of volunteers and teachers nurture vulnerable children and their parents.

Where babies and preschoolers connect to loving adults to develop the resilience to thrive.

Where volunteers learn and use their individual skills and creativity to change children's lives.

Volunteers Needed to Help More Children

The Family Nurturing Center, is a nonprofit agency that provides free therapeutic early childhood education (preschool), respite childcare, home visits, parent support, and crisis response. In its two-year history, the agency has served over 170 children (ages birth to five years) and their families. Funding for the program comes from the state, foundations, United Way WiLL and individual donations.

212 N. Oakdale, Medford 97501

"I absolutely love my volunteer work...partly because there is always something to do...even if kids are not in the classroom yet... . It makes one feel really needed...and then of course the topping on the cake... the bus arrives and the kids..."

Becky – Classroom Volunteer
