THE BOTTOM LINE: **THERE IS AN URGENT NEED** **for diapers in our community.**

DIAPER NEED is when the amount of diapers needed to keep infants comfortable and dry is more than the ability to afford them without resorting to cutbacks on other basic essentials.

A clean, dry baby is a happier, healthier baby. But diapers are expensive! When money is tight, many families can't afford the large number of diapers needed to consistently keep their little one in dry diapers. Babies are uncomfortable when they can't be changed out of a wet or dirty diaper and it can result in painful diaper rashes or infections. These increased stressors contribute to parental depression and anxiety impacting the child's wellbeing and increasing the risk for child maltreatment. Help us support families today!

An adequate supply of diapers is a tangible way of improving parenting quality and overall child outcomes.

All funds and diapers donated benefit Family Nurturing Center.

Thank you for helping us support the health and well-being of children and their family by ending Diaper Need. We couldn't do it without you!

FAMILY NURTURING CENTER IS A 501(C)(3) NON-PROFIT ORGANIZATION, EIN 16-1726574
